NIECELUMBER.COM

CHESTER A. NIECE

founded our company in 1920

At the time the operation was focused on lumber, coal and feed. Niece had state of the art equipment at that time to help mill and bag grain, a 10,000 gallon molasses tank was part of the operation. Feed and grain operations phased out in the 1950's and 1970's respectively, due to co-op operations.

NIECELUMBER.COM | 609-397-1200 | 800-932-0779

Niece had its own saw mill and purchased logs locally that were sawn on site for customers. It was said to have been the only belt driven saw in the area. In June of 1936, Harry Blair Sr. was hired as manager of the five employee operation. Building towards the future, Harry Sr. hired his son Harry Jr. as a bookkeeper and assistant manager in 1948, this ensured progress in the millwork and building material side of the business.

In 1960 a Georgian style brick office front was constructed, complete with showroom and hardware store. With renovations throughout the years our kitchen and bath, hardware areas, and office complex now cover 10,000 square feet. As a whole our facility, including state of the art warehouse facilities now encompass three city blocks.

Harry Blair Sr., along with wife Mary and Harry Blair Jr. purchased the company from Chester Niece in 1966. Thomas Blair, the younger brother soon joined the family in the sales field. Not long after Tom started with the company, Harry Sr. became incapacitated and retired, selling the company to Harry Jr. and Tom. Tom worked with Harry as a partner until 1985 at which time he retired and Harry became sole owner.

Harry worked the next nine years with a young but experienced staff which included his son Tim Blair, daughter Jeanne Blair and son-in-law Bruce Currie. The trio became the new owners in 1994 on Harry's decision to retire to Long Beach Island with his high school sweetheart and wife of 45 years Rose Blair.

1994 was an eventful year that brought many changes and challenges to the company. May 25th after a heavy lightning storm, 25,000 square feet of valuable ware-house space was engulfed in flames. Inventory and structure loss totaled over two million dollars. Although the fire burned into the early morning hours, the quick response of the local fire departments saved our neighbors homes. There were 27 fire departments and over 300 men and women dispatched to control the blaze, many of these firemen were company personnel. And believe it or not, we were open the next day!

After a torrential snowfall in the winter of 1996 Niece Lumber again lost another valuable building to a roof collapse. Again our employees shoveled us out, and started rebuilding another new warehouse facility.

Niece Lumber presently employs 46 dedicated employees. We are and always will be committed to serving our customers with high quality materials, first rate services, and an industry leading sales and management team.

Our history is dedicated to late Harry Blair Jr., Tim Blair and Jeanne Blair. All three former owners were instrumental in shaping our company. Their dedication to employees and customers were unmatched. Their legacies will live on through the many employees that worked for them, many of which are still employed at Niece Lumber.

SCHEDULE A KITCHEN & BATH DESIGN CONSULTATION:

- Planning & Installation Guidance
- Outdoor Kitchens
- Vanities
- Six Lines of Cabinets
- Countertops
- A Team of Qualified Designers

"Thank you for your exceptional job of planning and designing our kitchen renovation. You translated our specific requests into a beautiful, functional design that perfectly fit both our budget and our vision. Your attention to detail, responsiveness and expertise made for a smooth installation—we couldn't be more pleased."

—Jeff and Jill, Homeowners
